WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

Aft sides 1,800 x 400 rectangles (two).
Forward sides 1,800 long, 400 high aft; bottom edge straight for 900, then rising to 200 at the bow end (two, handed).
Mark the inwale line 40 below the top edge, inside face.
Stitch holes 12 in from the bottom and end edges every 150.
Sides lean out 8 deg; the panels are flat, no bending.
Fits: bottom edge on the outside of the bottom panel edge, ends flush with the transom and bulkhead outer faces.
